I consent to the public re-release of the resource statements on Mt Mason based on the October 2006 resource estimate by me. It should be accompanied by the following footnote.

Mr David Milton has sufficient experience in the type of deposits under consideration and to the activities undertaken to qualify as a Competent Person as defined in the December 2004 Edition of the Australasian Code for reporting Exploration Results, Mineral Resources and Ore Reserves and consents to the inclusion in the report of the matters based on his information in the form and the context in which it appears.

Yours, sincerely
